

# DOBERMANN PRO

**1500**  
MAX LUMENS

**368**  
METERS THROW

**32**  
HOURS RUNTIME

WHITE, WARM  
LIGHT

**RECHARGEABLE**  
Magnetic USB charger  
and battery included

## DIMENSIONS

Length 150 mm  
Head diameter 33.5 mm  
Weight with battery 164 g

**Tactical  
flashlight 2 in 1  
with magnetic  
charger**

Dobermann Pro with narrow beam of light and smooth transition between hotspot and spill is optimal both for tactical and day-to-day application. Suitable for medium distances of 100-200 meters (maximum distance of light is 368 meters). Compact body with standard 1 inch diameter allows the use of additional tactical accessories: any weapon mounts and

original remote switches. Convenient holster, steel clip and lanyard for every day carry are in the set.

The new generation Dobermann Pro is a ready high-tech solution from Armytek. The flashlight is supplied with a fast magnetic charger and a 18650 Li-Ion battery 3500 mAh.

## 1 TACTICAL LIGHT

Withstands any recoil due to improved springs and installation of the driver inside a reinforced capsule filled with protective compound. Standard 1 inch body is compatible with any accessories, including original magnetic remote switch and magnetic mount for quick one-motion attachment and removal

## 2 EVERY DAY CARRY LIGHT

Compact body, convenient holster, steel clip and lanyard for day-to-day carry and use

- Special precisely calculated reflector in a compact head for High Intensity LED modification, which provides 1.5 times the light range compared to a usual LED, and tempered glass with anti-reflective coating create smooth transition between hotspot and spill at 1500 lumens brightness. Spill diameter is 10 meters at 100 meters distance
- Powerful electronics provides constant brightness even at a temperature of  $-40^{\circ}\text{C}$  and not fully charged battery
- Two types of operation: hunting and tactical. Tactical operation for quick access to maximum brightness mode and Strobe mode

- Two-phase electronic button retained two levels of pressing similar to mechanical switch, but became noiseless and 20 times more durable
- Non-flat button allows to easily switch the flashlight with a palm
- Innovative technology allows using any 18650 Li-Ion batteries and provides full protection against short circuit even in case of contact between magnetic connector and metal objects
- Solid body made from aircraft-grade aluminium, special matt anti-abrasive finish without rough knurling

- Steel striking bezel with matte non-reflective black titanium coating, which prevents location disclosure, is used for additional protection of the optical system in the event of a fall and as a shock-crushing tool
- Active real-time temperature control to prevent overheating above  $+58^{\circ}\text{C}$  and warning indication of low battery level
- Total protection from water, dirt and dust in accordance with IP68 standard — flashlight continues to work even at 25 meters depth up to 5 hours. Withstands fallings from the 10th floor

# WHAT'S NEW IN DOBERMANN PRO

**Stylish body:** matte anodizing, laconic style, new corporate branding

**Innovated electronics and firmware:** optimized runtimes and enhanced brightness

 **1500**  
LUMENS

**Upgraded active real-time temperature control:** when the temperature becomes close to +58 °C, brightness decreases, allowing to avoid flashlight and battery overheating and burns. Compliance with European safety standards

**Magnetic USB charger:** robust and water resistant magnetic connector

**Fast magnetic charger:** supplied 18650 Li-Ion 3500 mAh battery is charged in

 **3 h 40 min**

**Increased reliability:** special placement and fixation of the driver in the flashlight body

**Improved springs:** new springs for better protection of the battery and driver and increased performance efficiency

**New tactical button:** noiseless electronic button prevents disclosing location when hunting or during special operations

**Extended set:** high capacity battery 3500 mAh and fast magnetic USB charger included. The flashlight is ready to use right out of the box

**Compatibility with magnetic remote switch:** optional magnetic remote switch for momentary on (only when the button is pressed) and for constant light. Easy one-motion connection, no need to unscrew the tailcap

SET DESCRIPTION

Well-thought-out set of accessories. Injury-safe ergonomic silicone grip for convenient tactical hold. Heavy-duty nylon holster with several fixing options: on a belt of any width, on a Molle mount, on equipment thanks to durable steel ring. Steel clip with wear-

resistant black titanium coating for mounting on clothes, equipment or belt. Size-adjustable wrist lanyard made of heavy-duty paracord and steel carabiner for quick removal and installation on the flashlight.

**1** - flashlight, **2** - 18650 Li-Ion high capacity battery 3500 mAh, **3** - fast magnetic USB charger, **4** - steel clip, **5** - size-adjustable paracord wrist lanyard, **6** - nylon holster, **7** - silicone grip, **8** - two spare O-rings, **9** - user manual in eight languages

# BENEFITS OF WORKING WITH ARMYTEK

Armytek is a world famous manufacturer of high-tech flashlights, chargers and accessories. All Armytek products perfectly meet the buyer's requirements. We focus on quality and reliability: smart lineup allows us to thoroughly think through every detail before launching mass production.

## **HIGH PROFIT**

Favorable conditions and flexible prices for bulk orders are ensured by own factories in China.

## **FAST SHIPPING**

Warehouses around the world: the goods are always in stock and ready for shipment. Reduced costs and time of delivery, no additional custom fees required. Lower costs on shippings directly from the factories.

## **EXCEPTIONAL RELIABILITY**

Minimum returns rate — less than 1% (competitors' rate is 5-7%). All products go through quality checking on test stands.

## **LEGENDARY SERVICE**

Full support and cooperation: from placing an order to warranty service. Professional issue management, fast repairs and exchange.

## **NO HASSLE WARRANTY**

Up to 10 years unprecedented warranty.

## **OWN FACTORIES**

Every step of the process is controlled by our European specialists at the factories.

## **DEVELOPMENT**

Head office in Europe. Team of highly qualified specialists from defence, aviation, space and other specialized industries.

## **EXPERIENCE**

Expert in the fields of mechanics, optics and electronics. We specialize in development and manufacturing of flashlights and battery chargers since 2009.

## **COMPONENTS**

Powerful Cree, Nichia and Samsung LEDs, electronics by the USA and Japan, aircraft-grade aluminium, tempered glass, etc.

## **SMART LINEUP**

Simple process of choosing a product, no bulky catalogs with a lot of similar variants. Only best models for client's needs.

## **NEW PRODUCTS**

Armytek produces innovative and the most technically advanced products in the world.

## **PRIVATE LABEL, OEM/ODM**

Creating new products, modifying our production models and personalizing them according to your needs.

## **MARKETING SUPPORT**

We provide all the necessary promotional materials: leaflets, booklets, catalogs, etc.

## **CLIENTS' NEEDS RESEARCH**

We systematically gather feedback to make sure that our products completely fit clients' needs and requirements.

**Built to exceed**
