Fenix Flashlights,  
Sunshine in Your Pocket

## PD30

Max **220** Lumens

## PD20

Max **180** Lumens

Three main features

**1. Overall newly-designed reflector**

**2. Optimized circuit**

**3. Humanized design**

PD30/PD20 has kept the strongpoint of Fenix P-Series—high brightness, high power. With optimized-designed reflector, it has achieved better beamshots. Besides, the lowest output has been adjusted to only 9 lumens and runtime reaches 65hrs/35hrs respectively, rhombic knurling on body and tail gives the flashlight better grip. Moreover, the U-shaped tail and bigger lanyard ring hole embody the extraordinary humanized-design by Fenix.
